Light Up

winter reading challenge

Bring a little light to your winter!

Monday, January 4-Sunday, February 28

Bring a little light to your winter! Participate in the ALPL Winter Reading Challenge simply by reading or listening to something that makes you happy. Print out a log from alpl.org or pick one up at the Library, and track your reading at home. When you complete 30 days of reading, show your log at the Holds Window or at our Curbside Service to receive your own reading light and continue the fun after dark! One reading light per participant, while supplies last.
