

EXHIBITS AND BULLETIN BOARDS

Individuals and groups may exhibit collections in the Library. Those seeking use of exhibit space, including display cases or the gallery, must complete an application. Exhibits may be scheduled for one (1) month, with set-up and removal times determined by the Library.

Items to be displayed must be suitable for viewing by persons of all ages and be of such size, composition, and weight that they will not necessitate alterations to or cause damage to the cases or hanging systems.

Exhibitors shall provide information regarding items, including title, artist, pricing, and related information. Exhibitors are responsible for providing contact information to arrange direct sales of items. The Library is prohibited from selling items on exhibit.

The Library reserves the right to accept or reject any application.

Library bulletin boards are used for Library, public service, and nonprofit announcements only. Personal and business advertisements will not be posted. All postings must be approved by the Library.
